

The new City of Wetaskiwin website was designed with the residents of Wetaskiwin in mind and offers the following features:

- **NewsFlash**
NewsFlash is located on the home page and provides users with an immediate glimpse of important City related news/information.
- **Notify Me**
Notify Me is a subscription tool that residents can use if they are interested in receiving an email/text regarding a new City Calendar addition, a new job posting, or even any emergency alerts issued by the City of Wetaskiwin. Simply sign in (top right hand corner) and subscribe to anything that interests you.
- **Request Tracker**
Request Tracker is located on the home page under Report a Concern and is available to those who have signed in to our new website. You can submit anything from pothole repairs to missed trash collection.

“In 2012, the City introduced a new tourism guide. With the launch of the new city website, it helps to align the message to our visitors that we are a great tourism destination,” stated Karen Schatschneider, Tourism and Marketing Coordinator. “Whether you want to come for a day, a week, or a lifetime, Wetaskiwin has a lot to offer.”

For more information of the new and improved City of Wetaskiwin website, please contact Dale Cory, Communication Coordinator, at 780-361-4461, or by emailing: dcory@wetaskiwin.ca
