## Welcome to the Program

**Recreation Registration Opens** July 22, 2025, for returning members and will open for new members on Sept 2, 2025.

**Recreation Registration** for **Session 2 of Killer Whales and Beginner Rec** opens on December 1, 2025, for returning members and open for new members on December 11, 2025.

It is the goal of the Wetaskiwin Orcas Lifesaving Club to provide a safe and fun environment that allows individuals to improve and grow in both their swimming ability and lifesaving skills. By providing leadership and knowledge, this program strives to give swimmers the potential to achieve, challenge, and set personal bests in practices and at competitions.

The Orca's program is organized into two branches: Recreation squads and Competitive squads. In our Recreation squads, swimmers will focus on development of basic swimming abilities and lifesaving skills. Competitive Squads will focus on Lifesaving Sport and will encourage swimmers to build on existing swimming skills and their spirit of competition. These programs give us the diversity to include swimmers with varying levels of skill, competition, and motivation.

To ensure that swimmers are given the best training possible, we will be accepting a limited number of registrations in each squad. Please return your registration as soon as possible to secure a spot in the squad of your choice. ***Final placement of swimmers will be based on individual skill and at the recommendation of the Head Coach.*** Please call or email if you have any additional questions or concerns.

## Bronze Medallion/Cross Courses

We encourage all swimmers to take the opportunity to achieve the Lifesaving Society's Bronze Medallion and Cross Courses. We will be offering the **Bronze Medal Awards** during the Orca season. Separate registration for these courses will be taken at the pool or online. *All Orca members will receive a 10% discount on their registration for these courses during the season.* It is highly recommended that all Orca members over the age of 13 take these courses, especially if you are interested in becoming a lifeguard or an Orca Coach.

These courses develop the fitness, skills and knowledge to perform a water related rescue and respond to a non-aquatic emergency. Bronze Medallion and Bronze Cross are prerequisites for the National Lifeguard (NL) award.

A Swimmer wanting to compete in SERC events must hold a current Bronze Cross certification or higher to be allowed to compete in these events.

The Manluk Centre will be hosting multiple Bronze Medallion and Bronze Cross courses throughout the Orca season. When registration becomes available for these courses it will be relayed to all Orca members via the Monthly Parent Newsletter which is sent through email and posted on the Orca Facebook Page.
